

Conducting Effective Tailgate Trainings

The BuildSafe California Project is sponsored by the Occupational Health Branch of the California Department of Health Services

What every supervisor needs to know for conducting effective tailgate trainings

- Hear a contractor talk about why, how, and when to conduct tailgate trainings
- Learn about effective training techniques that will improve your safety presentations
- Assess the quality of your company's tailgate trainings and identify areas for improvement
- Find out what Cal/OSHA is looking for in your construction safety program
- Receive a tailgate training kit in English and Spanish including 23 "Safety Break" topic cards
- Obtain a certificate of course completion and other health and safety resource materials
